EAN numbers

- KJ1bk: 5055386506498
- KJ2bk: 5055386506504
- KJ3bk: 5055386506511

Special note:

PSTN Master: British Telecommunications have reported that the presence of a surge arrestor in the network termination can interfere with broadband signals in the UK. For this reason please consider whether a PABX module is more suitable for your installation. Please contact us with any queries.
